Cabin Camp 2

- Black buildings are off limits.
- The latrines closest to the Feast Hall has separate areas for men and women. All other latrines are shared. All latrines contain showers.
- Buildings with a green porch light indicate cabins inhabited by Fidis Staff. If you require assistance overnight, please knock on one of those doors.
- If you find a building that's not on this map, you haven't discovered a mysterious, ancient structure, lost to the sands of time. You've probably found the Ranger's house, or a similar dwelling. Please leave it (and its occupants) alone.
- Yes, you read right. Snapping turtles. If you allow all of your bare, please avoid the pond.
