

Black buildings are off limits.

The **restroom** closest to the **Feast Hall** has separate areas for men and women. All other **restrooms** are unisex. All **restrooms** contain showers.

Buildings circled in **Green** are inhabited by **FGG Staff**. These buildings are also lit with a green light. If you require assistance, you need only knock on one of our doors, regardless of the hour.

If you find a building that's not on this map, you haven't discovered a mysterious, ancient structure, lost to the sands of time. You've probably found the Ranger's house, or a similar dwelling. Please leave it (and its occupants) alone.

Yes, you read right. Snapping turtles.
If you value all of your toes, please avoid the pond.

Fertile Ground Gathering Cabin Camp 2
